PLAYGROUND STENCILS FOR LOAN

Where the Fun Begins

PLAYGROUND STENCIL INSTRUCTIONS

The Parry Sound Public Library is delighted to provide you with playground game stencils to encourage physical activity.

Carefully follow the instructions below in order to make the best use of this resource.

- Determine which stencil(s) you would like to use – see attached list of stencils
- Ensure that the dimension of the game(s) that you have chosen will fit in your chosen space.
- Ensure the space that you will be painting on is as clean as possible. Sweep the area surface to remove debris, pebbles, and sand.
- If you are using these stencils on an outdoor surface, check the temperature. The spray paint works best at temperatures of 5 degrees above zero Celsius, or warmer. It is also best to choose a day with little wind. Spray paint must be used with the stencils.

**Perfect for
birthday
parties and
more!**

- Lay out your chosen stencil as you want it to appear. Some stencils will require assembly. Lay down the pieces and use masking tape to hold the stencils together and to hold them securely to the surface you are painting on.
- Follow all of the necessary safety precautions when using spray paint. Face masks, gloves, eye goggles, protective layers for shoes and clothes are recommended (not included in this lending kit) Carefully review the directions for use, safety precautions, and first-aid information written on the can.
- Spray the paint in the open sections of the stencil. Two thin layers of paint are better than one thick coat. Allow the paint to dry between coats and before lifting the stencil.
- Remove any tape and place the stencil back in the carton that it came in.
- Instructions for playing each game will be provided.
